REMARKS.

1. No student should enter the Sub-Freshman Class of either course until fully up with it.

2. All students should take one of the above courses, and pursue it regularly; but those not wishing to do so, are permitted to select such subjects as they are competent to study, and can recite with the regular classes, provided that they pass the entrance examinations in Arithmetic, Elementary Algebra, English Grammar and Geography.

3. In the Scientific Course, Students can take Art or Music, instead of German.

4. All the students are required to attend the worship of God in the Chapel daily, and to recite a Bible lesson weekly. Students of the Classical and Scientific Courses will study select portions of the Scriptures, in addition to the usual text books on Moral Philosophy and the evidences of Natural and Revealed Religion. The President will give

frequent lectures on manners, morals and religious duties, intended to train the students to the life of Christian ladies and genttemen. All who do not reside with their parents are required to attend public wor ship and Bible class, in some church, on the Sabbath. Students' prayer meetings have been organized; they are well attended. The Faculty regard it as an important part of their work to labor for the moral and spiritual welfare of the student.

5. The degree of A. B. is conferred on students who complete and pass satisfactory examinations in the Classical Course.

The degree of B. S. is conferred on students who complete and pass satisfactory examinations in the Scientific Course.

A certificate of attainments will be given to those who complete and pass satisfactory examinations in the Select Course.

IV. NORMAL COURSE.

The regular courses of the College accomplish the ends of a Normal Course. A class in the *Theory and Practice of Teaching* and *The Science of Education*, is organized out of each Senior Class. Any graduate passing an examination in the above subjects, and a special examination in the subjects required of Teachers in the Public Schools, will be entitled to a Teachers' Diploma.

V. HONOR COURSE.

I. A course of study, additional to the ordinary or degree course, known as the Honor Course, has been established.

II. The Honor Course includes nine departments, in any one or more of which a student may graduate with Honors, first or second, according to the attainments made. These Honors are in no sense competitive. As many as complete the prescribed course receive them. The departments of the Honor Course are as follows:

1, Christian Ethics. 2, Philosophy. 3, Natural Science. 4, English Literature. 5, Mathematics. 6, Greek Language and Literature. 7, Latin Language and Literature. 8, French and German. 9, History.

III. No student shall be admitted as a candidate for First Honors later than the beginning of the second term of the Sophomore year; nor, for second, later than the beginning of the first session of the Junior year.

IV. No student will be admitted to examination for Honors, unless the average of his recitations and examinations in each subject the term preceding shall be 8.5.

V. In general, not exceeding one half as much matter in addition to the amount required in the ordinary course, in any of the above departments must be mastered in order to a second Honor; and additional thereto, an amount equal to that required in the ordinary course, in order to a first Honor.

VI. Each Professor furnishes gratuitously to candidates for Honors in his department, such assistance as they need. Those desiring regular recitations arrange for them with the Professors, or any other persons they may select, on such terms as may be mutually satisfactory.

VII. Honor examinations will be held the first week of each vacation, Senior included, at which candidates for the degree of A. B. or B. S. may present themselves; and those passing in any subject of any department shall be credited with the same In the case of every candidate, the result of all the examinations will determine the Honor attained.

VIII. Candidates for the degree of A. M may in like manner present themselves for examination in any of the departments named above, at any honor examination, and those passing in any subject will be credited with the same. The result of all these examinations will determine the Honor attained on taking the A. M. degree.

IX. The result of all these examinations will be entered on the College Register, and publicly announced.

TEXT BOOKS AND BOOKS OF REFERENCE.

Harkness' Latin Grammar, and Cæsar, Allen's and Greenough's Virgil and Cicero; Chase and Stewart's Livy and Horace; Tyler's Tacitus; Kingsley's De Oratore; Goodwin's Anabasis, &c.; Anthon's Memorabilia; D'Ooge's Demosthenes; Wheton's Lysias; Tyler's Apology and Crito; Woolsey's Alcestis; Loomis' Mathematical Course; Youman's Chemistry, revised edition; Snell's Natural Philosophy; Snell's Astronomy; Orton's Comparative Zoology; Andrew's Constitution of the United States; Comfort's German Course; McGill's French Grammar, new edition; White's Latin Dictionary; Liddel and Scott's Greek Dictionary; The Students' Series of Histories; Smith's Classical Dictionary; Brown's Roman and Greek Literature, and Allen's Classical Hand-book.

The continental system of pronouncing Latin and Greek has been adopted.

Academical Department.

This department is under the immediate supervision of the Faculty.

For satisfactory work, students must be of such maturity as to enable them to study at home. Candidates for admission will be examined in Geography, Spelling, Grammatical definitions and easy parsing, Arithmetic, particularly in Common and Decimal Fractions.

The time necessary to complete the subjects required for admission to the Sub-Freshman class will depend on the capacity and diligence as well as the attainments of the student when admitted. These subjects should be thoroughly mastered before the student is promoted: ordinarily this can not be well done in less than two years.

The subjects of study are as follows: Spelling; Reading; Penmanship; English Exercises; Review of Geography; Green's English Grammar; Arithmetic; Ray's Elementary Algebra; Harkness' Latin Grammar and Latin Reader; Cæsar; Cooley's Natural Philosophy; Physiology; Natural History; Botany; Bible.

The Academy, it will be seen from the above, furnishes, in addition to the instruction necessary to prepare a student for admission to the Sub Freshman class in College, a full course in all that is required of Teachers in the Public Schools of Illinois.

During the entire course there is a weekly Bible recitation. Rhetorical exercises are required of all the students. The students of the Academy are entitled to the same privileges as College students.

To secure the full advantage of the course, the student should enter at the beginning of the College year and remain till its close. No student can be absent a term without great loss If unable to complete the course without interruption, it is ordinarily much better to discontinue an entire year.

Musical Department.

The Department of Music, under the charge of Prof. S. H. PRICE, affords facilities for the study of this subject seldom found in an institution of this character.

A regular course of instruction has been arranged in this Department, which course can be taken, at the option of the student, instead of German in the Scientific Course.

Special Regulations.

I. The requirements for admission to the several classes are fully stated in the outline of the different courses. No candidate will be admitted to the Sub Freshman class of either course, whose deficiencies exceed what may be made up in five months by an additional recitation. Candidates for advanced standing must furnish satisfactory evidence of proficiency in all the previous studies of the course they propose to take. No student of known immoral character, or whose influence is likely to be injurious to good order, will be admitted. Applicants for admission, unknown to any member of the Faculty, should bring certificates of good moral character.

II. The Statutes of the College, Chapter II, Section 3, provide that "No student shall be permitted to enter at a later period of the course, than the commencement of the first session of the Senior year." The spirit of this law, in the judgment of the Faculty, requires at least one full year's attendance of a student on the exercises of the College

in order to graduation. Under no circumstances will this rule, as thus interpreted, be relaxed while the above statute remains unrepealed.

III. The Senate has adopted the following as an additional chapter to the College Statutes:

"SECTION 1. All persons matriculating shall be regarded as students, and on payment of the required fees shall be entitled to all the privileges of the College.

"SEC. 2. Connection with the college is terminated by graduation or dismissal, honorable or otherwise.

"SEC. 3. The privileges of the student shall be suspended in all cases of failure to pay the required fee and attend on instruction; *provided*, however, that the following privileges, namely, that of examination with his classes, active membership in the societies, representing societies and classes on public performances, and the use of the Library and Reading Room, may be granted to students temporarily absent for a period not exceeding one year, on written permission from the Faculty and the payment of two dollars per term.

"SEC. 4. All persons enjoying any of the above privileges shall be subject to College discipline, the same as if in actual attendance."

The Faculty judge the attendance of a student on the exercises of the College at least three fifths of any year as necessary to complete satisfactorily the work of the year, and, therefore, will not, under ordinary circumstances, grant leave of absence, with the privileges of examination without recitation, during any one year exceeding four months. Any one being examined, without having recited with the class, will be required to pass an examination doubly extensive. No student should attempt to prepare for examination in more than two fifths of the subjects of any year without recitation. The Faculty are unwilling to grant leave of absence to any Senior. Seniors should be in attendance the entire year.

IV. There are during the year public exhibitions of the College classes as follows: Of the Junior class in May, and of the Sophomore in November. These exhibitions are held on such evenings and in such places as the Faculty may appoint.

V. At the meeting of the Senate in June, 1874, the following was added to the statutes of the College as Sec. 4 of Chapter XIII: "It shall be unlawful for any student of this College hereafter, to become a member of any secret College fraternity, or to connect with any chapter of any such fraternity; and also for any active member of such fraternity to be admitted as a student of this College."

VI. In regard to marking, grading and examinations, the following principles have been adopted:

1. Each recitation is marked on a scale of 10—9 indicating ordinary excellence, 10, extraordinary; these marks are averaged in each

subject, monthly, and entered on the Monthly Record. The actual attendance is marked on the same scale, and entered on the same record To be marked 10, in attendance, on the Monthly Record, the student must have been actually present at every roll-call of his class during the month.

2 Each class is examined on each subject as soon as completed, the examination of each student is marked on the same scale and entered on the Annual Record. To pass, the student must answer correctly at least 70 per cent. of all questions asked him. No student is credited with any subject until he has been examined and passed in it. The average of the marks received for all the recitations and for the examination, in any subject, determines the student's grade in that subject.

3. The Grand Average of the marks received in all the subjects in which the student has been examined and passed with his class during the year, and of the marks for attendance during the same time, determines the student's rank in his class. This is entered on the Annual Record.

4. No student in the Collegiate Department is promoted from a lower class to a higher, whose deficiencies exceed what may be made up in one year by a single recitation daily.

5. The Salutatory and the Valedictory, on Commencement Day, are delivered, the former by the Senior Scientific, the latter by the Senior Classical, who ranks highest.

6 In order to secure thoroughness in the elementary subjects, each College class will be required to pass a special examination, after a review conducted by a Professor, in Geography. Arithmetic, English Grammar, The Use of the English Language, and Business Laws and Forms; and in addition to the above, Classical students, in Latin and Greek Grammar. To pass in these subjects the students must make an examination grade of 8. Students admitted from other Colleges, whether on certificate or examination, must pass in all the above subjects in which the class which they may enter may have been examined. The terms during which these reviews and examinations will take place are indicated in the "Courses of Study."

VII. Reports are sent to parents or guardians at the close of each term The President should be notified of every case where a report fails to come within ten days after the close of the term.

VIII. The statutes expressly forbid students to use intoxicating drinks as a beverage, to play cards, to frequent drinking, gambling, or billiard saloons, or improper places of resort of any kind. The Faculty judge places of amusement, commonly called "*balls*" and "*dances*," to be improper places of resort for students.

IX. Students are required to notify the President, before changing their places of boarding.

X. Ladies and gentlemen are admitted to all the privileges of the College on the same footing.

Additional Information.

A new wing, 53x63 feet, has been added to the College Building by the liberality of the citizens of Monmouth, and is now in use. This wing contains rooms for Apparatus, and Cabinet and Chemical Laboratory and Natural Science Lecture Room, 4 Recitation Rooms, and Chapel 53x60 feet.

LIBRARY.

The Library contains about two thousand volumes, selected expressly for the College. It is accessable to all the students. THE COUNTY LIBRARY AND READING ROOM IS OPEN TO ALL THE STUDENTS FREE OF CHARGE.

APPARATUS.

An extensive Philosophical and Chemical Apparatus has been procured and is now in successful use. It affords the means for a satisfactory illustration of the most important principles in the various departments of Astronomy, Natural Philosophy and Chemistry. A new Oxy-Hydro Stereopticon has been lately purchased of Stevens' Institute instrument maker, giving facilities for experiments in Chemistry, Magnetism and Optics, and illustrations in Geology, Physiology and Natural History, and with Gas Microscrope attachment, in Microscopy.

CABINET.

The college Cabinet, which already contains a large assortment of Coins, Geological Specimens and other articles of interest, collected by Dr Barnett in Palestine and Egypt, as well as a Geological Cabinet donated by the State, has, recently, been enriched by the donation of a valuable assortment of Minerals, by Rev. T. D. Davis, of Missouri, the purchase of a large variety of Corals, the donation by the Rev. J. C. Nevin, of Canton, China, of his valuable collection of Chinese Curiosities, and by the contribution by Rev. Dr. Lansing, of Cairo, Egypt, of a cast of the famous Tanis Stone. The College Cabinet is now one of the finest in the State.

LITERARY SOCIETIES.

There are four Literary Societies in the College—the *Philadelphian*, *Eccritean*, *Amateurs des Belles Lettres*, and *Aletheorian*, and one in

the Academy – the *Ciceronian*. These are all on a good footing. and afford to their members respectively the opportunity of improvement in the branches of learning for the promotion of which they are established.

GOVERNMENT.

It is the aim of the Faculty to secure good order and diligence in study by the force of moral and religious principles, rather than by direct exercise of authority. Those who persist in neglecting their studies, or in pursuing disorderly courses, or in exerting an evil influence, will not be permitted to remain in connection with the College.

EXPENSES.

COLLEGIATE DEPARTMENT—	
First Term,	$12.00
Second and Third Terms, each,	9.00
Matriculation Fee,	5.00
Incidental Expenses, per annum, ($1. per month)	10.00
Book Keeping, etc., per annum,	5.00
ACADEMICAL DEPARTMENT—	
First Term,	$10.00
Second and Third Terms, each,	7.00
Incidental Expenses, per annum (80 cents per month),	8.00

The incidental fee is intended to meet the expenses of the College not included in the salaries of the Professors and Instructors

For Instrumental Music (Piano, Violin, Guitar, etc.,) the charge for a course of twenty lessons is $16 00.

Instruction in Penmanship is given in the Academical Department without extra charge; but students taking a more extended course will be required to pay additional.

There is no extra charge for Modern Languages.

The payment of all College dues is required in advance.

Boarding in private families, including lodging and fuel, has, during the past year, ranged from $3.50 to $4.50 per week; a few paid but $3.25 per week. Some students board themselves at less than $2.00 per week.

The following statement will give full information as to the cost of a year:

1. To those who board themselves–

Room rent, boarding, fuel and light, at $2.00 per week,	$78.00
Tuition, per annum,	30.00
Charges for incidentals per annum,	10 00
Washing, estimated for the year, at	20.00
Books,	11.00
Total,	$149 00

2. To those who pay the lowest rates in private families, the cost will be $3.50 per week for boarding, lodging, fuel and light, making an addition to the foregoing estimate of $58.50 per annum, amounting to $207.50.

3. To those who pay the medium rates, $4.00 per week, for the same, the cost will be $78 00 in addition to the cost of self-boarding, making an aggregate of $227.00

4. To those who pay the highest rates the cost will be $4 50 for the same, making an addition of $98.50 to the cost of self-boarding, and amounting to $246.50.

In the Academy the cost is $8 00 per annum less for tuition and incidentals than in the College. When the student becomes a member of a College literary society, he pays an initiation fee of $5.00; and when he enters the Freshman class, a matriculation fee of $5.00. Students may save from twenty-five to fifty cents a week on the lowest priced boarding mentioned above by uniting in clubs, and sometimes by taking boarding at a distance from the College. Books will average about $11.00 per annum, except during the Junior and Senior years, when the cost becomes greater.

The cost of clothing and traveling, and the private incidental expenses of a student, are not included. They will depend largely on the habits of the student. Clothing need cost but little, if anything more, in College than out.

EXAMINATIONS.

Each class is examined in each book or subject when completed. These examinations may be either oral or in writing, and it is intended that they shall be thorough and complete.

SESSIONS AND VACATIONS.

The present College year will close on Commencement Day--Thursday, June 20th. The first session of the Twenty third College year will open on Tuesday, September 3d, and close on Thursday, December 19th. The second session will open on Monday, January 6th, and close on Thursday, March 27th. The third session will open on Monday, April 7th, and close on Thursday, June 19th. The summer vacation will continue about two months, the winter about two weeks, and the spring about one week

SCHOLARSHIPS

Student applying for admission on hired scholarships must present a certificate from the owner thereof, authorizing them to use the same. Such certificate should specify particularly the time for which the scholarship has been transferred. NO SCHOLARSHIP IS AVAILABLE UNTIL THE INTEREST IS PAID.

MONMOUTH contains about six thousand inhabitants, and is situated at the junction of the Chicago, Burlington & Quincy, and of the St. Louis, Rock Island & Chicago Railroads. It is easy of access from every direction. It contains flourishing churches of various Evangelical denominations.
